Presentations/Peer-reviewed Publications

- Mawla, I. et al. Greater Somatosensory Afference with Acupuncture Increases Primary Somatosensory Connectivity and alleviates Fibromyalgia Pain via Insular GABA.
- He, Z. et al. Development and psychometric validation of the Chinese version of Skindex-29 and Skindex-16. Health Qual Life Outcomes. 2014 Dec 24;12:190. doi: 10.1186/s12955-014-0190-4.
- Buchtel, H.A. Acupuncture Needling of Myofascial Trigger Points vs Standard Acupuncture Protocol in the Treatment of Frozen Shoulder. Presented to the Annual Meeting of the Society for Acupuncture Research, Ann Arbor, Michigan, April 18-21, 2013.

Projects

- Subject Matter Expert (SME) panel member - 2020 NCCAOM Standard Setting
Feb. 28-Mar. 1, 2020

Participated as SME in the standard setting process for NCCAOM certification exams at Schroeder Measurement Technologies.

- Public Act 140 of 2019: Provides for the licensure of acupuncturists in Michigan
Aug, 2016 – Dec, 2019
First as President and later as Legislative Committee Chair, led MiSA advocacy in support of Senate Bill 683 (2017) and House Bill 4710 (2019) to provide for the licensure of acupuncturists in Michigan. Coordinated advocacy and testimony with state and national healthcare organizations and local advocacy with MISA members across the state. HB 4710 was passed by the legislature and signed into law as PA 140 (2019) in December, 2019. Rules were promulgated and licensure began in April, 2021.
- Beyond Tradition: Ways of Knowing and Styles of Practice in East Asian Medicines, 1000 to the Present
Jan, 2016 – Present
Wellcome Trust Award 097918/Z/11/Z
Member, Styles of Practice working group
- Skindex 16/29 QOL measure (Chinese language version)
June 2012 – July 2012
Working with a team from the Guangzhou University of Traditional Chinese Medicine, and in coordination with the Mapi Research Trust, carried out the backward translation and reconciliation of the Skindex 16 and 29 Quality-of-life measures. The validation of the Chinese-language version was published in 2014.
